the Illinois miners, that the executive board signed over his head; that the men would not accept the compromise, and asking him to stand firm. Murray, at a recent meeting, refused, with Adams, to sign the scale. The harmony of action between these two, together with the fact that the miners are following Adams, holding meetings and demanding the resignation of the national officers leads to the conclusion that Adams is getting in line to fill McBride's place, should the latter resign. McBride claims that the action of the executive board in signing the scale was in accordance with the way of the district presidents, of whom

Adams was one. Growing More Turbulent.

MASSILLON, O., June 14.-The attitude of the Sheroddsville miners grows more menacing, and ten cars of soldiers are now en route to that place on the Wheeling & Lake Erie road on a special train. The miners followed the successful burning of two bridges at Fuller's mine by setting fire twice to the railway station and to a small trestle. These fires were put out and while this was being done the miners started another fire under a string of empty box cars. They obtained lights and caroused all night. They were defiant and intolerant all day, and General Manager Blair, who has not asked for protection up to this time, made a demand late this afternoon upon the sheriff of Carroll county, who in turn asked the Governor for troops to-night. For the first time since the burning of the Midvale bridge the Cleveland, Lorain & Wheeling road began to move coal. Every train carries a detachment of soldiers.

Outrages in Alabama..

BIRMINGHAM, Ala., June 14.-Late last night, near Coalburg, a mob of armed strikers attempted to set fire to the Georgia Pacific bridge, and were fired upon by guards and driven off. A few minutes later the mob went to another bridge, three hundred yards away, saturated it with oil and applied the torch within sight of the guards. The fire was extinguished before the bridge was entirely destroyed. On the same road near Parrish another mob was found placing dynamite under the foundations of a bridge to blow it up, when the guards opened fire on them, driving them off. As the Georgia Pacific is being operated by receivers appointed by the federal court the United States marshals will take steps at once to protect the property from further depredations and government troops will be called out if necessary.

Crisis at Pana.

PANA, Ill., June 14.-Pana expects the crisis to come to-morrow. The tension is rapidly nearing the point where something must give way, and the citizens declared to-day that either the invaders encamped in Pope's grove must go home or they will be driven away. On the other hand, the strikers of Pana and the five hundred out-side miners in Camp Pope insist that they have no intention of doing anything of a lawless nature, but at the same time they have given notice that they will march into Pana to-morrow or Saturday whether the Mayor permits or not. Since the First Regiment left Pana the merchants, lawyers, bankers, doctors and storekeepers have done police duty as deputy sheriffs every night, and are getting tired of it.

Forty Men at Work.

Special to the Indianapolis Journal. DANVILLE, Ill., June 14 .- Yesterday afternoon the Consolidated Coal Company decided that it would open up its Missionfield Strip bank. This morning half of the force, about forty men, started to work. It is expected that the other half will resume to-morrow. A few men showed up at the No. 4 mine, but not in sufficient numbers sto justify hoisting coal. At a mass meeting of Danville miners in Ellsworth Park, to-day, Daniel Shouse was appointed a delegate to represent Danville district at the Springfield conference on

Disagreement in Kentucky.

DANVILLE, Ky., June 14 .- A meeting of miners and operators from the fourteen mines in the Laurel county district was held at Pittsburg yesterday afternoon and resulted in a disagreement. The operators demanded a settlement on the basis of the Columbus agreement, but the miners insisted on the old scale, which is 10 cents a ton higher. The miners also asked a 20 per cent. reduction in the rent of their houses. A meeting of the Jellico district will be held to-morrow. A gentleman who attended the meeting says the prospects for a long strike are good unless the miners

Militia Fired on by Miners. BEACH CITY, Ia., June 14.-Miners fired upon the Barclay-Dubbs pickets, second platoon of Logan Rifles, stationed one mile below this city, at 3 o'clock this morning, The fire was returned, and a patrol quickly formed under Lieutenant Perkins and a thorough search made, but no one was captured. An attack was made on Com-pany A. Fourteenth Regiment, stationed at second bridge below here. An attempt was made to destroy the railroad bridge at

Beach City, but owing to the good picket duty of the first platoon no damage was done. No shot took effect on the militla. Cokers Will Stay Out.

SCOTTDALE, Pa., June 14.-The delegate convention of coke workers here to-day was attended by seventy delegates. Contrary to the reports last night the delegates were all instructed to continue the strike, and passed a unanimous vote to that effect. A resolution was passed that the district officers should make no settlements until two-thirds of the operators agreed to sign the scale. Almost every train coming into the region is carrying new men here to take the place of the

Crisis at Uhrichsville.

MIDVALE, O., June 14.-The situation here to-night is becoming more critical and promises to reach a crisis. General Manager Woodford, of the Cleveland, Lorain & Wheling, has just had a conference with Colonel Colt. He has information that leads him to think an attack will be made on the Uhrichsville yard or the bridges just south of here to-night. Colonel Colt will take a Gatling gun and Battery H and Company M. and place them in the Uhrichsville yard. Considerable coal has been moved north

Two Bridges Burned. CARROLLTON, O., June 14.-The sheriff of this county received a telegram from General Superintendent Blair, of the Wheeling & Lake Erie railway, saying that the miners at Sherrodsville had burned two bridges and threatened the further destruction of property and life. The sheriff telegraphed Governor McKinley, who ordered the Sixteenth Infantry, under command of Colonel Bunker, to report to the sheriff at

Trains Moved by Deputies.

SPRINGFIELD, Ill., June 14.-United States Marshal Brinton, having been unable to control the strikers who had side-tracked twelve cars of coal of the Peoria, Chicago & St. Louis Railroad Company, to-day se-cured fifty stands of arms and ammunition from the State and had them sent to Mount Olive to arm special deputies. This move was successful, and the trains are now moving as usual.

Taft Will Conduct the Trials. CINCINNATI, June 14 .- As soon as all miners for whom attachments were issued

for contempt of court are under arrest. United States Circuit Judge W. H. Taft. who issued the attachments will go to Columbus and conduct the trials. The penalty that may be imposed on them is entirely in the discretion of the court. Old Wages Insisted On.

IRONTON O., June 14.-The miners of this district held a mass meeting at Old Maidsville, and decided to stay out until their old scale of wages is restored. The

miners here went on a sympathy strike

when they were getting io cents, and, as a

result, the operators refuse to pay only the new scale-60 cents. Clubbed by Strikers. FROSTBURG, Md., June 14.-John Mc-Gudy, a miner, going to work at Lonconing No. 1 of the George's Creek Company, was met by a party of strikers and upon his refusing to abandon his purpose of going to work, was clubbed. Lewis Pernell, a

Pumphouse Destroyed. GREENSBURG, Pa., June 14.-The pumphouse at the Alverton coke plant of Mc-Clure & Co. was blown up with dynamite shortly after midnight. The building was competely wrecked. The strikers are held responsible for the outrage.

strike leader, was arrested, charged with

William Walter Phelps Dying. ENGLEWOOD, N. J., June 14.-William Walter Phelps is still alive. He is uncon-scious. Dr. Currie thinks he will live until morning. He is very weak.

OF L. CONSPIRACY

INSIDE HISTORY OF THE MOVEMENT AGAINST MR. POWDERLY.

The System of Espionage Established by General Secretary-Treasurer Hayes-General Labor News.

PHILADELPHIA, June 14.-T. V. Powderly has issued for private circulation among the Knights of Labor a statement containing the inside history of the movement which compelled his voluntary retirement. It forms a pamphlet of thirtyfour pages. In a review of the circumstances leading up to the events of last fall, which have proved so momentous to the Knights of Labor, Mr. Powderly alludes to the candidacy of John O'Keefe in 1892 against Mr. Hayes for the office of general secretary-treasurer, which was followed by Mr. O'Keefe's discharge by Hayes from his position in the general office. Mr. O'Keefe's complaint to the general executive board brought to light complaints from other general office employes, all members of the order, of being watched, dogged and brow-beaten. "They asked for redress," says Powderly, "and the general executive board gave them a hearing in the general office. The general secretary-treasurer, who was present when the clerks and other employes were called before the general executive board, retired and refused to be present at the hearing. The statements made at the hearing were taken down in shorthand and disclosed a condition of affairs which gave the members of the general executive board no little uneasiness. Listening at keyholes, picking of pockets, watching each insignificant move, reading of personal letters, and, in fact, such practices as would not be tolerated in any factory or other industrial institu-tion in the land were stated to be of daily occurrence in the general office "When the general secretary-treasurer was requested by the board to abolish the

system of espionage which prevailed in the office he denied that any such condition of affairs existed. When we pressed him too hard he said, in substance: I have information that will damn the whole of you. can go to the world with the statement that you are all engaged in stock-jobbing, land speculating and in every way neglect-ing the business of the order for personal When told that that would not be true, he said: 'It don't make a bit of difference; since a lie is told it will go, and I will lie whenever I want to score a

Mr. Powderly then takes up the presentation by Mr. Hayes of charges against the general executive board, which he denies in every detail. Recounting the considera-tion of these charges in the last General Assembly, Mr. Powderly's statement says: "When I had spoken for four hours and twenty minutes, all told, and the general secretary-treasurer (Hayes) had concluded his thirteen-hour talk, Hugh Greenan, of District Assembly 49, stood up and asked the general secretary-treasurer if there was any truth in his charges, and he said there was not. 'Did these men misappropriate any of the money of the order? Did they use any of it for their personal ends? Have they squandered the funds?' were the words of Greenan as near as I can remember them. The answer of the general secretary-treasurer was 'No' to each ques-tion. When making his speech, the general secretary-treasurer said. 'I always wanted to get rich; I want to be rich, and I will get rich if I can.' At another time, after explaining the workings of a gas scheme, in which he is engaged, he said: 'I am the manager, the treasurer and the board of directors of the company. I made \$5,000 on it this morning and I have the money

in my inside pocket now.' "When the St. Louis General Assembly was in session, James Hughes told me that the national Democratic committee had \$5,000 there to defeat me for re-election. paid no attention to his statement, and told him it could not be true. He said he had the proofs. At the banquet given by the St. Louis locals that evening, James R. Sovereign, who sat opposite me, wrote on a card and handed it to me. From the card now before me I quote these words: There are \$5,000 here from the East to defeat your re-election. Say nothing. It will In conversation, he said, he was positive that the statement was correct and that he knew who had the money.' Mr. Powderly closes with an appeal to the members to hold their old assemblies together, but to scrutinize all new ones and not allow so many "paper assemblies" to be organized that the genuine ones will be outvoted at the next General Assembly

at New Orleans. CARING FOR UNEMPLOYED.

Plan that Works Successfully at Berne, Switzerland. WASHINGTON, June 14. - Eugene Germain, United States consul at Berne, has sent to the Department of State an account of the workings of a novel enterprise there, being a commission for the unemployed created by law. A committee of seven, made up of representatives of the labor unions, employers and the municipal government, undertakes to provide employment for sub-scribers out of work or to maintain them when awaiting employment. Subscribers when working pay 8 cents per month dues. There is also an appropriation of \$1,000 from the City Council and charitable subscriptions. Subscribers out of work for two weeks are entitled to benefits ranging from 20 to 30 cents per day, about equal there in purchasing power to our dollar here. Benefits are paid only to persons innocently out of employment, and persons leaving their work willfully and without just cause are debarred from benefits. Comfortable headquarters are provided at which the unemployed report twice daily, and may make themselves comfortable. The consul gives other details of the system, which, he says, is satisfactory in its result to the authorities and the citizens. One feature worthy of mention is that every member accepted work promptly when provided for by the

FEDERATIONISTS DENOUNCED. They Would Not Exchange Working

unnecessary burden.

association, thus ceasing at once to be an

Cards with the K. of L. ST. LOUIS, June 14.-In speaking of the interchange of working cards which the Federationists, at the recent labor conference, would not allow, Secretary Hayes, of the Knights of Labor, said: "This was one of the principal questions that came up, and it was tabled. I tell you there was very little accomplished at this session. It is a hard matter to accomplish much good when the Federation is bucking against us." T. B. McGuire, of the executive board of the Knights of Labor, said: "The interchange of working cards was the only thing that could accomplish the one thing required: that is, concerted action by wage earners. The Federationists would like it if we would break up the Knights of Labor and join them in a body. Now, why should we do this? We are willing to recognize their cards, and we do it. The carpenters in New York, without a Knight of Labor card, could get no work. We are in the majority there and we recognize the Federationists, but when they are in the ascendant do they reciprocate? Not much

They made no proposition to us; we did all the proposing, and I cannot say that after all there was much accomplished." American Railway Union. CHICAGO, June 14.- The election of committees occupied the morning session of the American Railway Union to-day. During the afternoon reports of committees were heard and the matter of the Pullman strike was referred to a special com-

mittee for immediate report. George C. Ward, of Kansas City, introduced a resolution providing that organized railroad employes should refuse coal mined by nonunion miners or by union miners who refuse to recognize and obey the orders for a general strike issued by the proper general officers. The resolution appeared to meet with favor and it is not at all unlikely it will be adopted by the convention. It is now in the hands of committee. A resolution strongly denouncing the convention of the Brotherhood of Locomotive Engineers was also referred to the committee on reso-This was introduced because the brotherhood had indorsed J. C. Nolan, an engineer of the Northern, who, it is alleged. against the interests of the railway union

during the recent strike on that line. Railway Carmen's Union.

CHICAGO, June 14.-Members of the Railway Carmen's Union elected officers today and adjourned their session. The election rsulted as follows: Grand chief carman, J. D. Stevenson, East St. Louis; vice, F. A. Symmonds, of Texarkana; secretary-treasurer, F. L. Romemus, Estherville, Ia.; Executive board-William Princa, Cnat aneoga; Ira T. Corbitt, Fort Worth, and William Boyd, Omaha. The convention will meet next in blennial session in June, with everyone who tries them,

1896, at Chattanooga. General offices of the Union will be moved to Kansas City.

1 OLITICIAN KILLED. Sensational Shooting of a Leader of

the Buffalo Democracy.

BUFFALO, N. Y., June 14. - To-night, shortly after 6 o'clock, William Delaney, excity clerk, one of the best known Democratic politicians in Buffalo, was shot and killed in his room in the Ribble Building, on Main street. The affair remained a mystery for several hours, as Delaney died without having made any statement, but at 12 o'clock to-night George A. Bartholomy, a tallyman at the Ontario elevator, walked into police station No. 1 and told Captain Taylor that he was the man who killed Delaney, and that he wanted to give himself up. He said that Delaney had been intimate with his wife, and that he had gone to his rooms with the express intention of killing him. He refused to say anything more until he had consulted with a lawyer. The police will not say whether Mrs. Bar-tholomy was in Delaney's room at the time

tholomy when he went to Delaney's rooms and committed the murder. Kansas Populist Killed. HOLTON, Kan., June 14.-Charles B. Hamble, a prominent lawyer of this city, was shot and instantly killed on the street this evening by Clinton Osborn a saddler. Osborn accused Hamble of betraying his daughter, who has for some time past been working in Hamble's office, Hamble denied the charge, and proposed on prove his innocence. As he turned Osborn fired a full charge of buckshot into the unfortunate man's breast and neck, killing him almost instantly. The deceased was a prominent Populist politician.

he was shot. They refuse also to give the

name of the woman who was with Bar-

FUSION IN TENNESSEE.

Republicans and Populists Combine on Supreme Court Judges.

NASHVILLE, Tenn., June 14 .- The State Republican convention for the nomination of judges for the Supreme Court of the State met to-day, Ex-Congressman H. Clay Evans read the report from the committee on platform and resolutions which was adopted without debate. The platform demands a free ballot, an honest count and honest returns, and that politics and the court of last resort be separated. William M. Randolph, of Memphis; G. N. Tillman, of Nashville; Lewis D. Walker, of Gibson county, were placed in nomination and were elected. No candidate was named for the fifth place, but a resolution was adopted commending the Populist nominee for the Supreme Bench to the voters of the State, which means that the Republicans and Populists fuse as to candidates for the Supreme Court. After appointing a new executive commit-tee the convention adjourned sine die.

May Run as an Independent. LOUISVILLE, June 14.-Regarding the story sent from Lexington yesterday Gen. Basil Duke says that it is true that he had tacitly urged Major MacDowell to make the race for Congress in the Ashland district should Colonel Breckinridge be renominated. He told Major MacDowell that he ought not run as a Republican, but as a nonpartisan. The Major took the same view of the matter, adding that he had become partially reconciled to the plan of making the race as the representative of those who believe Colonel Breckinridge's own confession should debar his re-

South Dakota Populists, MITCHELL, S. D., June 14 .- The Populist convention closed its business to-night. The ticket nominated is as follows: Governor, Isaac Howe, of Spink; Lieutenant Governor, S. H. Bronson, of Miner; Secretary of State, J. K. Johnson, of Davison; Auditor, E. B. Reed, of Pennington; Treas-urer, H. B. Wynn, of Yankton; Attorney-general, Null, of Beadle; Superintendent of Public Instruction, Failing, of Hand; Com-missioner of Public Lands, H. P. Smith, of Lake. The convention indorsed woman suffrage and adopted a platform reaffirming allegiance to the Omaha declaration.

"Dry" Candidate for Governor. MILWAUKEE, Wis., June 14 -- The Prohibition State convention to-day nominated Capt. J. Cleghorn, of Clinton, for Governor. The convention adopted without discussion a platform of decidedly radical character. It demands the suppression of the liquor traffic, and declares in favor of flat money, woman suffrage and the lim-itation of immigration.

BIG FIRE AT PANAMA.

The Loss Estimated at Two Million Dollars.

COLON, June 14.-Panama was swept by a destructive fire yesterday. The property destroyed includes two blocks of houses, extending from the railroad office to the Governor's palace and east of the Calle Damas. None of the property of the Panama Railroad Company or the Canal Company was burned. Many of the buildings destroyed were occupied as dwelling houses, and a thousand persons are temporarily without homes. Efforts are being made to care for these people, many of whom have been rendered helpless. It is estimated now that the property losses will foot up \$2,000,000, but the confusion is so great that it is still too early to give a positive statement on this

Blaze in New York. NEW YORK, June 14.-Fire destroyed one-third of the block of business buildings inded by Broadway, Pearl, Elm and Duane streets this forenoon. Nothing of the large stock of goods was saved. Damage estimated at \$250,000. Among the principal losers are: Vernon Brothers & Co., paper box manufacturers; American Belgium Light Company, Julius Berbecker & upholsterers' hardware; Kock Sons and Moss Engraving Company. The only new structure in the burned portion was the handsome business building owned by the Faber Pencil Company.

TO-DAY'S FORECAST. Generally Fair Weather in Indiana, with Variable Winds.

WASHINGTON, June 14 .- For Indiana-Generally fair; variable winds. For Ohio-Generally fair; slightly warmer on the lakes; south winds. For Illinois-Generally fair; probably slightly cooler; variable winds,

Telephone Suit.

BOSTON, June 14.-A suit in equity was entered in the United States District Court to-day before Judge Carpenter, of Rhode Island, by the United States against the American Bell Telephone Company and Emile Berliner, to repeal patent No. 463,564, granted to Emile Berliner in 1877, and assigned to the Bell company in 1891, on the ground that the existence of such a patent in the United States is contrary to the intent of United States patent laws.

Cycling Record Broken. SAN JOSE, Cal., June 14.-W. J. Edwards, of the Garden City Cyclers, to-day broke the world's record for one-eighth of a mile, his time being fourteen seconds, flat, twofifths of a second lower than the former record. This time is official.

Rev. Reed's Resignation Accepted. DENVER, Col., June 14.-At a meeting of the First Congregational Church last night the resignation of Rev. M. W. Reed as pastor was accepted.

Don't Delay.

It is your duty to yourself to get rid of the foul accumulations in your blood this spring. Hood's Sarsaparilla is just the medicine you need to purify, vitalize and enrich your blood. That tired feeling which affects nearly everyone in the spring is driven off by Hood's Sarsaparilla, the great spring medicine and blood purifier.

Hood's Pills become the favorite cathartic

NICE FOR PRES. STOTT

FRANKLIN COLLEGE GIVES HIM A PURSE FOR A EUROPEAN TRIP.

Commencement Events at Both Rose Polytechnic and Franklin-Changes in DePauw's Faculty.

Special to the Indianapolis Journal. FRANKLIN, Ind., June 14.-The commencement exercises proper of Franklin College took place this morning in the First Baptist Church, before an audience of students, alumni and other friends of the college, that packed the auditorium. The exercises were in some respects the most interesting of any in the history of the college. The class of thirty-two graduates was larger by half than any other class in the history of Franklin College, and the alumni reunion feature of the commencement has served all along to add interest to the occasion. The ladies' chorus, under direction of Dr. J. M. Dungan, musical director of Franklin College, covered itself with glory, while the plano solo by Miss Ethel P. McCaslin, graduate from the music department, was marked for its splendid execution. The address on behalf of the graduating class was delivered by Rev. A. H. Strong, of Rochester Seminary. He took for his subject "Milton the Poet of the English Reformation." Dr. Stott then presented the diplomas. Prof. J. W. Moncrief presented the certificates to the graduates from the preparatory department, of whom there are nine. Among the prizes awarded were those to Edward Middleton, best all-round athlete in the field day exercises; Miss Sarah Reed, winner of the freshman prize declamation contest, and E. M. Hughes, for work in Latin syntax, open to freshmen. In addition to the de grees conferred on this year's graduates the degree of A. M. in coursu was conferred on O. A. Cook, '91; Rochester, Ind., and E. R. Clevenger, '91, of Rochester, N. Y. The degree of M. S. was conferred on E. E. Tyner, '91, Greenwood, Ind., and Bertha D. Knobe, '91, Chicago. The degree of Ph. D. was conferred on Devona H. Payne, '92, Franklin Honorary degrees were con-Franklin. Honorary degrees were conferred as follows: A. M., on Joseph Wallace, Springfield, O.; LL. D., on D. V. Burns, Denver, Col.; D. D., on Alexander Blackburne, Springfield, Mass.

President Stott presented to Prof. J. W. Moncrief a gold watch given to him by students and friends as a token of the high estimation in which he is held by them. Professor Moncrief closes his work with Franklin College and takes the chair of church history in Chicago University. A surprise was perpetrated on Dr. Stott at the close of the commencement exercises, Rev. P. O. Duncan, upon the part of the alumni and friends of Dr. Stott, pre-senting the Doctor with a purse of \$500, to be used by himself and wife in a summer trip to Europe. He was deeply affected. The alumni dinner followed at the opera house. Toasts were responded to as follows: Dr. Stott, "Walking through Europe;" Prof. J. W. Moncrief, "From Jerusalem to Jerico, or How It Goes to Tumble from Franklin to Chicago;" E. L. Hendricks, "Class of '94;" R. A. Brown, "The Completion of the New Building;" Rev. W. T. Vancleve, "The Preachers;" Dr. Strong and General Morgan, on "Impressions of a Visit.' The commencement exercises closed with the faculty's levee in the college this even-

AT ROSE POLYTECHNIC.

Tenth Annual Exercises and Conferring of Degrees.

Special to the Indianapolis Journal. TERRE HAUTE, Ind., June 14.—The tenth annual graduating exercises of a class of twenty-one at the Rose Polytechnic Institute, to-day, were largely attended. Ex-Secretary of the Navy Thompson, president of the board of managers, delivered the address to the class. Charles E. Mendenhall, son of the former president, who is now chief of the government bureau of coast and geodetic survey, was awarded the Heminway gold medal, which ranks him the same as valedictorian of the class. Herman S. Heichert, of Marton, received the bronze medal for the highest standing in the freshman class. Honorable mention was made of Morton C. Andrews, of State Line, of the senior class; L. Edward Troxler, of Louisville, and Edward A. Darst, of Eureka, Ill., of the junior class; Willis R. Sanborn, of Rockford, Ill., and Orange E. McMeans, of Richmond, of the sophomore class; Jay H. Hall and Benjamin F. Chandler, of South Coventry, Conn., of the freshman class. The graduating class is as follows:

In Electrical Engineering-Warwick Miller Anderson, Louisville, Ky.; John Franklin Denehie, Terre Haute; Oran Roberts Hedden, Robinson, Ill.; Sigurd Lund Henrikson, Chicago Ill.; David Mc-Culloch, Indianapolis; Charles Elwood Mendenhall, Washington, D. C.; Paul Mischler, Terre Haute; Edward Riedel, Cloverport, Ky.; James Samuel Royse, Terre Haute; James Buckner Speed, Louisville, Ky.; Howard Magwell Stanton, Indianapolis. B. S. In Civil Engineering-Morton Clark Andrews, State Line; Fred Foster Hildreth, Bridge Hampton, N. Y.; James C. Carlisle Holding, Terre Haute; Edgar Franklin Robinson, Earlington, George Harold Winters, Dawn, O. In Chemistry-Walter Moulton Blinks, Michigan City; Elmer William Brown, Terre Haute; Edward Frohman, Cincinnati, O.; Hubert Gorham Kilbourne, Terre Haute; Austin Van Hoesen Mory, Manchester, Ia. M. A. Samuel D. Collett, class of '90, of Pittsburg; Theodore L. Condron, class of '90, of St. Louis; Wiliam J. Davis, of '92, of Louisville; W. Arnold Layman, class of '92, of St. Louis; Alonzo J. Ham-

Those selected to take part in the exercises were Elmer W. Brown, Sigurd L. Henrikson, J. C. Carlisle Holding, Ed-ward F. Robinson, Walter M. Blinks, Austin V. H. Mory, David McCulloch, Paul Mischler, Morton C. Andrews, Frank F. Hildreth, Hubert J. Kilbourne, Oran R. Hedden, Edward Riedel, George H. Winters, Warwick M. Anderson, Charles Mendenhall, James S. Royse, Howard Stanton, Edward D. Frohman, John F. Denehie and J. Buckner Speed.

CHANGES AT DE PAUW. Law School Abolished and a Number of Professors Dropped.

Special to the Indianapolis Journal. GREENCASTLE, Ind., June 14.-The trustees of DePauw University adjourned last evening and the following was given to the public to-day by President J. P. D.

"All the enterprises of the university are to be continued substantially as heretofore except the school of law. James H. Howe resigns as dean of the school of music and Prof. Belle A. Mansfield is appointed dean. Mrs. Mansfield will continue also as dean of the school of art and as preceptress. All matter pertaining to the school of music and art are to be managed directly by the board and these schools are to be put on a firm basis. Dr. E. W. Manning retires from the department of romance languages and a new instructor is to be appointed. Dr. T. G. Duvall is continued in charge of the department of philosophy and professor of systematic theology. Dr. Andrew Stephenson is to take the department of history, including a part of church history in the school of theology. Dr. G. L. Curtiss re-tires from the university and his work is to be distributed among other professors W. Ray retires in the university. Col. as treasurer of the university, and is succeeded by Dr. John Poucher. Notwith-standing these modifications of the work in the school of theology all the departments will be amply provided for. Woman's Hall is to be continued and a special committee appointed to provide therefor with power to act. There are no special changes in the preparatory school, or the school of art, or the military school. The board ordered the execution of the bond for two three-and-two-tenths-inch breech-loading guns, with all necessary equipments, brought in exchange for the old artillery pieces-a great concession to the university by the War Department. The department of physics is to be removed from its present quarters on the third floor of the west college to the basement and the first floor of middle college, taking the rooms heretofore occupied by the law school, together with additional space. "Dr. W. V. Brown has been promoted from associate professor of mathematics to professor of astronomy, with the same duties as heretofore. Wesley W. Norman is promoted from instructor to professor of zoology and physiology, and William E. Smyser is promoted from instructor to professor of rhetoric and English literature.

The school of theology is authorized to

project a course leading to the degree of

doctor of sacred theology, pro merito, to be

conferred only on examination. The execu-

tive committee was authorized to fill any

vacancies among instructors not aiready

provided for. Four courses of Hebrew in the school of theology will be open to elec-tion by advanced students in the college

was sacation during the term, to visit other institutions in case they should so lesire. Mr. Wilson Morrow is elected secretary of the joint board.

"Rigid rules were adopted relative to the investment of the university endowment. The financial outlook of the university for next year is more satisfactory than it has been for many years. From present indications the expenses will fall entirely within the income. The general outlook for next year is, therefore, very cheering."

Two Commencements.

Special to the Indianapolis Journal. CRAWFORDSVILLE, Ind., June 14.-The annual graduating exercises of the schools of Union township were held this evening at the Y. M. C. A. Hall. There were thirty graduates in the schools, but eight of whom entered the contest, the winners to take part in the county contest to be held during the teachers' institute in July and August. The following were the speakers and subjects: "Solar Systems," Ella Eshelman; "American Women," Bessie Alexander; "Intellectual Liberty," Pearl Long; "Success," Ursula Banks; "Luck and Pluck," Mary Casey; "The Path to Success," Lulu Stout; "Pen Pictures of Self-educated Men," Willard Shanklin; "Choosing a Vocation," Marguerite Pennefeather. The class address was delivered by W. T. Whit-

The closing exercises of St. Charles Academy were held this evening at the Y. M. C. A. Hall. They presented a drama, "Isabella, Queen of Spain."

THIRTY-FIVE PERISH

PARTY OF HARVESTERS UPSET IN THE IRISH CHANNEL.

Effort to Stay Civil War in Morocco by Separating Suspected Officers -General Foreign News.

CASTLEBAR ISLAND, Ireland, June 14 -A dispatch from Westport Quay, about eleven miles from this city, announces a disaster to a party of harvesters who were on their way to Scotland. A passenger boat returning to Westport Quay from Ach island, having on board eighty harvesters who were shipped to Scotland and Westport, capsized and thirty-five lives were lost. The boat capsized off Annagh head.

Up to midnight the bodies of thirty of the harvesters had been recovered. All the victims were young people, and were of both sexes. They were inhabitants of Achill island, and depended for a livelihood upon the scanty earnings they could make in England and Scotland, to which countries they were accustomed to migrate every year. The boat which capsized today was much overcrowded, the people, in their haste to catch the Glasgow boat from Westport, having little regard for their safety. One hundred and ten persons were in the vessel when she went down. The disaster was due to an attempt to turn the boat without lowering sail. Most of the victims were kept under water by the sails, which were fully set when the vessel went over. As soon as the accident happened boats from the steamer Elm, lying near, put out to the rescue, and seventyfive of the harvesters were taken out of the water. Some of them were unconscious, but revived after restoratives had been administered. It is believed that the bodies of the few persons missing will be found in the hold of the ill-fated vessel.

Princely "Suspects" Removed. LONDON, June 14.-A dispatch from Tangier says that it is reported that the chief princes of Morocco who were likely to cause trouble to the new regime have been removed from their commands in the army. Some of them have been sent to distant provinces, while others have been imprisoned. The dispatch adds that it has transpired that in his political testament the late Sultan directed that a council of regency be appointed until his young son, Abdul Aziz, the present Sultan, attains his majority.

Dr. Avilo, who for a long time was physician to the late Sultan of Morocco, in an interview at Madrid to-day declared that the new Sultan, Abdul Aziz, would certainly decline to fulfill the treaty with Spain arising out of the Melilla affair. The death of the Sultan would be a signal for bloodshed and vengeance in Morocco city. Murder and pillage were already rife, and the Jews, knowing from experience that they will be a special object of attack, were hiding themselves and their treasures.

Victims of the Plague.

HONG KONG, June 14.-Seventeen hundred Chinese have died of the plague here since its outbreak May 14. Despit previous reports to the contrary, the European population, up to the present, has not been attacked by the disease. The stringent precautionary measures taken by the Europeans are the cause of their immunity from sickness. The epidemic is now decreasing in severity. LONDON, June 14.-The British Medical Journal has received the following telegram from Hong Kong: The plague has all the symptoms of the true bubonic pest. which ravaged Europe in the middle ages and is described by Defoe. The only Europeans who have been affected were

ten soldiers who were employed in the

work of disinfecting the native quarter. One of them has died. Battle with Pirates. VANCOUVER, B. C., June 14.-The steamer brings news from Canton of a sanguinary fight with pirates. A gang of these gentry, who were able to master a He was formerly general superintendent of the Northern Pacific railroad, and one of squadron of eight junks, planned an attack on a walled village named Tanchi, in the district of Hissinning Kuangtsung. villagers, however, learning of their intentions, procured the assistance of a number of Yamen runners and soldiers, so that when the pirates arrived they were confronted by a force of four or five hundred. They were surrounded and cut off, and the junk invaders fought desperately, but thirty-two were killed and three captured alive, while three of their vessels were seized and many of the pirates drowned in attempting to escape to the rest of the squadron. Eight of the villagers were

wounded, one mortally.

The Corean Insurrection. VANCOUVER, B. C., June 14.-The news by steamer of the progress of the insurrection in Corea is as follows: The progress of the Tagaku party in Chullado has stopped. The government army, eight hundred strong, lost two hundred men in one regiment and retired. The Hanyan, one of the steamers carrying government troops, was seized by the insurgents and run ashore. The Japanese gunboat Yamatoh has gone to Nayon to protect Japanese subjects in Seoul. The report is confirmed that the head of Kim Ok Kium was stolen by one of the dead man's friends. His widow and daughter, who kept themselves alive by doing laundry work during his exile, have been taken to Seoul and beheaded. His father, who has been blind for six years, has also been beheaded.

Italian Cabinet Crisis Solved. ROME, June 14.-Premier Crispi, in the Chamber of Deputies, to-day, announced the solution of the Cabinet crisis. The government had restudied the financial problem, and had decided to propose modifications of the budget, and with this object in view the government abandons the proposed increase of the land tax, maintains the tax on rentes, and gives a pledge of economy in all public service, including the army, to the extent of 20,000,000 lire. In order to carry out the government programme a commission, composed of generals, has been formed. The commission will endeavor to effect economies in the war

Populist Artz's Army. KANSAS CITY, June 14.-There have been more desertions in the commonweal camp in the east bottoms, and out of three hundred men who drew rations a week ago not more than 150 are now in camp. Ex-Adjutant-general Artz, of Kansas, is now in full command, General Bennett not having visited the camp since Monday. It is claimed that he is in Topeka endeavoring to raise money. Artz rules with an iron hand, and drums out of camp every soldier who gives the slightest evidence of insubordination. He says he has forty-six loyal men, at least, which he brought from Topeka, and he will go to Washington with these if all the others get left.

Shot by His General. PARIS, June 14 .- A sublicutenant of the name of Schiffmaker was accidentally shot by General Edon at Charenton to-day. Gen. Edon was inspecting the troops, and com-

plained of the slovenliness of the men's ap-

pearance. He took a revolver from Schiff-maker and began to examine it. Schiffmak-

of liberal arts. Professors are to be granted

was loaded, but the latter did not hear the warning, as a recent illness had left him deaf, and pulled the trigger. The bul-let lodged in Schiffmaker's abdomen. The doctors say he cannot live.

Honors for Captain Mahan. LONDON, June 14.-Cambridge University, on Monday next, will confer an honorary degree upon Capt. Alfred T. Mahan, of the United States cruiser Chicago, the author of "Sea Power in History." Ox-ford University will also confer an honor-

ary degree, that of D. C. L., upon Captain. Mahan. Oxford will confer the honorary degree of D. D. upon the bishop of North

OBITUARY. Lord Chief Justice Coleridge, Aged

Seventy-Three. LONDON June 14.-Lora Chief Justice Coleridge is dead. He was unconscious for few hours before his death, which was

painless. His son Bernard will succeed im in the peerage. It is announced that Baron Russell will succeed Lord Coleridge as Lord Chief Justice, and that Sir John Ridgby will become a lord justice of appeal in place of Baron Russell. Mr. Robert T. Reid, now Solicitor-general, will become Attorney-general and Mr. Richard B. Haldane, M. P., Solicitor-general.

John Duke, Lord Coleridge, was the eldest son of the late sir John Tavlor Coleridge (himself a judge) and Mary, eldest daughter of the Rev. Gilbert Buchanan. He was born in the year 1821. He was educated at Eton and at Baliol College, Oxford, where he graduated in 1842. He was called to the bar in 1846. In 1855 to 1866 he was recorder of Portsmouth, and was created a Queen's counsel in 1861. He was elected for Exeter in Parliament in 1864, and continued to represent it till 1873. In 1868, on the formation of Mr. Gladstone's government, he was appointed to fill the office of Solicitor-general, when he received the honor of knighthood, and in November, 1871, on Sir Robert Collyer being appointed to a judgeship in the judicial committee of the Privy Council, Sir John Duke Coleridge was appointed to succeed him as Attorney-general. On the retirement of Lord Romilly in 1873, from the Mastership of the Rolls, Sir John Coleridge, as Attorney-general, though a member of the com-mon law bar, received the first offer of the appointment, but, after mature consideration, he declined.

In 1872, on the resignation of Lord Penzance, he was offered the judgeship of Probate and Divorce, which he declined. Soon afterward the death of Sir William Boville left the chief justiceship of the Court of Common Pleas at the disposal of the government, and this high office was at once conferred on Sir John Duke Coleridge, who was sworn in as Lord Chief Justice Nov. 19, 1873, having been previously raised to the peerage with the title of Baron Coleridge of Ottery St. Mary. He married, in 1846, Jane Fortescue (who died in 1878.) Three sons and a daughter were born to them, the sons being Bernard John Sey-mour Coleridge, Stephen William Buchanan Coleridge and Gilbert James Duke Coleridge, and Lady Mildred May. On the death of Sir Alexander Cockburn he was transferred to the Queen's Bench, and became Lord Chief Justice of England. In 1876 he received the degree of D. C. L. from the University of Oxford. He was also a fellow of the Royal Society, and in 1882 was was elected an honorary fellow of Exeter College, Oxford. He has served upon various commissions whose labors resulted in most important and great changes and improvements in the laws of England. In 1883 he visited America at the invitation of the United States Bar Association, great receptions being tendered him at New

York and Chicago. Other Deaths. LOS ANGELES, Cal., June 14.-Charles W. Mead, a well-known resident and business man, died suddenly of dropsy to-day. the proprietors of the Omaha smelting works. He left a card stating that he anticipated death from dropsy. BOSTON, June 14.-The Rev. F. G. Rob-

inson, professor of philosophy in the

University of Chicago, and formerly presi-

dent of Brown University, died at the City

Hospital here last night. He had been in the hospital for special treatment. Movements of Steamers.

cabooses, and transported to the Arkansas

line at Jenson.

Nettie True Finally Succeeds in Taking Her Own Life.

Nettle True, of No. 214 West Court street. committed suicide last night by taking a heavy dose of strychnine. She had attempted to kill herself a number of times with morphine, but was unsuccessful. Yesterday afternoon she became despondent, and decided to kill herself. She went to Navin's drug store, at Mississippi and Washington streets, and bought strychnine instead of morphine. The clerk noticed that she appeared excited, and hesitated about selling her the drug, but on being told that she intended to kill rats with it sold it to her. She went to her house, but did not take the drug until shortly after 10 o'clock. Her condition was soon discovered, and Dr. Eisenbeiss and City Dispensary physicians were summoned. Their ef-

forts had no effect, and the woman died shortly after Il o'clock. THE GOVERNOR RETURNS.

Asks Judge Briggs's Advice About Withdrawing Troops.

Governor Matthews returned yesterday from Danville, Ky., where he delivered the annual address to the alumni of his alma mater. He says all is quiet so far as reports to him show in the mining district. He sent a communication to Judge briggs yesterday afternoon asking if it would be advisable to withdraw a portion or all of the troops remaining in Sullivan county, er warned the General that the weapon
